Car Breakers.

On Monday night, while Freight Conductor West was checking up his train in the L. & N. yards, in this city, he noticed a seal broken on a car loaded with merchandise, and on entering the car found Green Jackson and Lige Richardson, both colored, in the far end. The conductor got out and closed the door and bolted it, had the car pulled down to the passenger depot and delivered his prisoners to Officer Elgin.

Jackson had his examining trial before Judge Hinton yesterday afternoon and was held to Circuit Court under \$300 bond. Richardson's trial was continued until Monday afternoon.

Getting Ready for Paris Conclave.

The mounted squad of Knights Templar composed of 27 men have received the equipments from New York, which consists of saddles, bridles, etc. This squad is a result of last May's Conclave, when only a few of our knights secured horses and met all trains and participated in the parade on horseback. Regular drills will be held and this mounted company will be an important feature at the Conclave to be held in Paris next May, says the Richmond Climax.

Wm. Board, of this city, says the Cynthiana Commandery will come in a vestibuled train with Jim Stewart astride a mogul engine, and will be received by Dan Peed in an airship especially constructed for the occasion.
